4 April 1982

FALKLAND ISLANDS

The Prime Minister enquired today what scope there might be for increasing internal opposition to the Argentine regime. She would be grateful for the views of the Foreign and Commonwealth Secretary on the matter. On one particular aspect, she would also be grateful to know for how many hours the BBC External Services broadcast to Argentina and the Falkland Islands, how good reception is and whether any steps need to be taken to improve the services.

A. J. COLES

Brian Fall, Esq.,
Foreign and Commonwealth Office.
