"Lord Whitelaw has made it clear that reports in this morning's newspapers concerning his involvement with the South African issue are ludicrous and unfounded."

1
Prime Minister

Lord Whitelaw's office has telephoned me and the Press Office, on his instructions, to say that there is absolutely no truth in the reports in this morning's papers regarding his involvement with S. Africa. He has subsequently authorized Bernard to place the statement above on the lobby Notice Board. N. L. W 16.7
